Remarks

Applicants respectfully request reconsideration of the above-identified continuation application. Claims 1 and 5 remain in this application. Claim 1 has been amended. Claims 2-4 and 6-26 have been canceled.

I. Claim Objection

Claim 1 has been amended to overcome the claim objection for typographical errors. No change in scope of this claim results from this amendment.

II. Double Patenting

Enclosed is a terminal disclaimer under 37 C.F.R. §1.321(c) to overcome the obviousness-type double patenting rejections. Sealed Air Corporation (US) owns each of U.S. Patents 5,699,902; 5,899,325; 6,712,201, and the above-referenced continuation application, for which an assignment from the inventors was recorded on August 12, 2002 at reel/frame 013181/0754.

III. Conclusion

In view of the amendments, the terminal disclaimer, and these remarks, it is respectfully submitted that the present application is in condition for allowance, and a notice to that effect is earnestly and respectfully requested.
